**Subject:** Draft HEID paragraphs for your review  
**Attachments:** HEID Paragraphs 01\_23\_2018.docx

Attached please find the HEID paragraphs that have the first line supervisors and Bill's comments incorporated. I had added the anticipated date below the paragraphs when it is estimated that there would be sufficient info to move the site from HEID to either under control or not under control. This date will not appear on the new webpage with the paragraphs. Anticipating your comments from the HENC paragraphs, Betsy, there may be some dates could be changed or added to the text if we would like to add that info. At this point, I didn't try to make any additional changes after addressing the supervisors' comments as I wanted to, at least, get you this updated version so you have the most current draft since I know the turnaround time is short.

I am working on incorporating your (Betsy's) comments to the HENC paragraphs and will send the revised version when completed.
